

12' x 24' x 8' Extended Instant Garage

Protect Your Investments from Inclement Weather & Sun Damage

MDM Products 12 x 24 x 12 Extended Garages provide the best in portable protection for any purpose. The extra space is ideal for tools, workbench, or additional items such as lawnmowers or cycles. Typical uses include vehicle storage, maintenance space, and material storage. The house style provides extra space along the sides of the enclosure, with maximum height near the center ridge. The pre-drilled frame is easily assembled with minimal handtools. All frame components are made from heavy duty galvanized steel. Main cover and doors are made from long life UV Resistant, Fire Retardant Polyethylene with woven backing.

All fabric components feature heat-welded seam construction. Unit features double zipper door on **BOTH ENDS** to allow drive-through capability, and good ventilation. Each door contains a pocket for a rigid pole at the base edge. The long lasting cover design with full side flaps provides for rain or melting snow run-off to divert water from getting through the perimeter of the cover. Each unit comes with a complete anchoring a set of duckbill earth anchors and 36" drive rod. Perfect for limousines, elongated trailers, and seasonal storage space. Maximum internal space in a great-looking instant garage!
